Hi there,

fine for us.

Marco, the founder of the blog, would like to meet Mr Lindell, just before the interview. He would like to explain to him our communication project. We are creating an international think tank (US, UK, Italian experts - many of the people we have interviewed are now actively collaborating with us) in order to contrast the abuse of power we are all experiencing. We are Italian patriots. We love our country and our families. We think Italy and the US in particular have a special relationship. We are historical friends. We want to build a bridge between our countries. We want to rebuild that trust that Trump was trying to reconstruct between our beloved nations.

The meeting with Marco will be very short. It won't take more than ten minutes. So the interview, if it's fine with you, will start at 2.10 PM, instead of 2.00 PM CT.

To sum it up:

2.00 PM CT: brief meeting with Marco, Simone (that's me) and Mr Lindell

2.10 PM CT: interview (15-20 minutes long)

How does it sound to you?

Thank you very much

Respectfully
Simone

Hi there,

the interview will be hosted on the blog MittDolcino
(<https://www.mittdolcino.com/>), our YouTube and Rumble Channels.

We make an average of 3 million visits per month.

An interview with Mr Mike Lindell will have a huge impact first on our public and consequently on the Italian public.

Mr Mike Lindell is well respected in Italy.

Since 2010, MittDolcino (as a writer) has written extensively on another Italian blog Scenari Economici, which was the think tank of the Northern League. Then he quit with Scenari Economici and in 2018 he started his own blog (MittDolcino).

MittDolcino's blog has a very remarkable reputation in Italy for his integrity and his capability of understanding and analyzing current events. During all these years MittDolcino formed a team of experts. We are a group of people: bank directors, top managers from top societies, engineers, journalists. We are all free citizens. Our mission is to offer an alternative to people. Mainstream media are so hypocritical. We want to give objective information to Italian people.

We supported President Trump from the very beginning and we are very aware of the huge falsification that took place on the US Elections. This is why we followed the post-election events and we extensively reported it on our blog.

Here a list of our most important interview:

Journalists:

Joe Hoft American journalist from the Gateway Pundit
Pepe Escobar Brazilian journalist and political analyst from the AsianTimes, Strategic Culture
Alex Hadfield UK journalist from the National File
Tom Luongo American blogger from Gold Goats n Gun
Nick Davis British former Guardian reporter
Patrick Wood American blogger from Technocracy
Leo Hohmann American independent blogger
Toby Young British former Vanity Fair writer
Andrew Korybko American journalist from OneWorld

Politicians:

Sir John Redwood Member of the British Parliament
Gianluigi Paragone Senatore della Repubblica Italiana

Writer:

Rupert Allason alias Nigel West former Member of the British Parliament and author specialising in security, intelligence, secret service and espionage issues.

Professors:

Glenn Loury former Harvard Professor, now at Brown University
Francis Boyle human rights lawyer and Professor of international law at the University of Illinois College of Law
Norman Fenton British mathematician who is currently Professor of Risk Information Management at Queen Mary University of London
Alexander Dugin Russian political analyst, philosopher and author of more than 30 books
Olavo de Carvalho Brazilian philosopher
David Paton Professor of Industrial Economics at Nottingham University Business School
Alain de Benoist French philosopher

Doctors:

Peter McCullough internist, cardiologist, epidemiologist, and Professor of Medicine at Texas A & M College of Medicine, Dallas, TX
Giulio Tarro Researcher and virologist

Comic

Konstantin Kisin co-host of Triggernometry and standing up comedian

The interview will be a video interview, which will be published on our blog and on our YouTube and Rumble Channel. It should be around 20-25 minutes.

We would like to talk about Election Fraud and Mr Lindell work on that matter, Mr Lindell social network and the current political situation in the US. If you like, we can send you the questions in advance.

We usually publish our interviews at 11 AM Rome time, which is 5 AM in Washington.

I hope I have given you all the information you need.

If you have any other questions, you can contact me any time.

Thank you very much

Hi there,

As you know Mr Lindell is very well known and respected in Italy.

Our public would be very glad to be able to hear his point of view on the US situation.

Italian media are just lying and covering up the real truth about the US Elections. Mr Lindell is honest and humble. We need his voice.

Italy and the US are historical friends. The relation between our countries is very profound.

Many thanks

To the attention of Mr Mike Lindell

Hi Mike Lindell,

my name is Simone Mariam, I come from Italy and I work for the Italian
blog MittDolcino (<https://www.mittdolcino.com/>).

I really appreciate everything you do. You are courageous and honest.

You are a knight of truth.

You don't have any fear of the system.

What you are doing with Dominion is incredible. Your perseverance is
amazing. We could just learn from you. When everyone stopped
believing, you kept trusting.

We, as a blog, supported Donald J. Trump from the very beginning. We
reckon he is the only legitimate President of the US.

I would like to invite you for an interview. It would be a real privilege
having a talk with you.

I would like you to hear your point of view. Your position could really
matter in these obscure times we are living right now.

Many people in Italy supported Trump, many people trusted him. Italian
people want to know the truth about the Election fraud. Many people in
Italy don't recognise Biden as President.

My mission is to inform as many people as I can and bring to the public
real professionals that can correctly explain what is going on right now.

I had the honor to interview many great professionals, including the
journalists Joe Hoft, Tom Luongo, Leo Hohmann, Alex Newman, Pepe
Escobar; the philosophers Alexander Dugin, Alain de Benoist, Olavo de
Carvalho and Doctor Peter McCullough.

Few words about the blog: MittDolcino is very popular. Last year we
made over 40 millions views, with an average of 10,000 access per day.

We are all free citizens. We write on this blog because we love our
country, our families and our freedom.

Many thanks for your attention.

Regards,

Simone Mariam
